control' when we flow with our cycles!*

## THE FULL MOON Release

Use the energy of the full moon  
to release your fears, obstacles & hurts.

The full moon calls  
us to open wide and surrender.

Create The Ritual

"I forgive you, I'm sorry, I love you"

It's time to forgive yourself and others and let go.

Hands on the heart, create a ritual that resonates with you. It may be placing it on an alter and burning the list in a bowl. It may be washing it out to sea or burying it in the ground.

After you release, spend time connecting to that feeling of freedom and love.

Let the full moon bathe you in her light.

## THE NEW MOON Create

Use the energy of the new moon  
to get in touch with your deepest desires  
and plant those seeds into the earth for growth.

my deepest desires for this month coming are:

*Get really specific and add in the why (i.e why you want to create this desire)*

### "Thank You"

Create The Ritual

It's time to let yourself ask for what you really want.  
Hands on the heart, create a ritual that resonates with you. It may be placing it  
on an alter, surrounding it with a crystal grid or placing it in the ground.  
After you express those desires, spend time connecting to that feeling of freedom  
and love. Let yourself be drawn into the womb of mother earth trusting in her and  
the guidance within to create the inspired action you need going forward.
